## [Musée de la civilisation](#)

Musée de la civilisation is preparing a permanent exhibition on the French-speaking peoples of North America from the perspective of migration. This project will be inaugurated in December of 2009 at Musée de l'Amérique française, located in the heart of Old Québec.

The museum is seeking objects that bear witness to various aspects of migrant life, such as work (e.g., tools and commercial

signs), arts and recreation (e.g., sporting trophies), community life (e.g., a distinctive insignia of a francophone organization), family, religion, and so forth. They may be practical or commemorative objects that migrants took with them while moving or that illustrate migrants' integration into their host communities or their allegiance to French-speaking culture.

If you are in possession of such an object through a French-speaking ancestor who migrated, and if you are interested in collaborating with Musée de la civilisation by lending it, we invite you to contact us. We look forward to hearing about the details of your ancestor's story and the object that represents it, and would appreciate receiving a photograph of the object itself, if possible.

For more information about our museum complex and projects, please visit our website at [www.mcq.org](http://www.mcq.org)
